Creative Thinking

Objectives

• Develop creative thinking and imagination through story telling.
• Encourage participation and public speaking.
• Enhance creative ways to express and interpret of these expressions.
• Learn how to work as a team and coordinate with each other.

STEPS

1. Setting the Tone
2. Problem Solving
3. Wrapping up
1. Start the day with the secret clap.

2. Ask 2 Girl volunteers from each class to update everyone on latest developments of their classrooms.

3. Divide the students into 3 groups with one facilitator each for the group.
1. Conduct the activity as explained below with the small groups:
   a. Explain to the students about how body posture and expressions work as a team to form an image of you.
   b. Name each of the groups and instruct them to present in a team.
   c. Each student comes one by one and forms a human statue of her choice.
   d. With each addition of a student statue, the meaning of the picture/image changes.
   e. Slowly, as the students start to make meaning of the statue encourage them to interpret the picture.
   f. Make sure all students are participating.

2. Conduct the activity as explained below with the small groups:
   a. Every student in the group is given a word by the other members of the group.
   b. One student starts the story by forming a sentence with the given word.
   c. The next student builds the story by using the word given to her.
   d. Collectively the story has is built up by every person in the team.
   e. Every team presents the story to the class later.
End the session with the Janmanch clap and disperse.
